

Nha Trang Software

Who we are

- We are a team of **12 professionals** who have more than **8 years of experience** developing software for aquaculture industry
- Our **diverse talents, experience** and our **Agile approach** to address our projects allow us to have monthly **releases on time** with minimum amount of incidences
- As a **process-oriented** department, our main goal is to meet our internal customers' requirements and needs

Team building

Nha Trang Software

Projects, Tools & Team

- **Mercatus Farmer** (Norway): **Production software** that allows customers to **manage** the entire **life cycle of their species**; from eggs to harvest
- **NetControl** (Chile): allows customers to **administrate their full stock of nets**, including budgeting using our forecasting planner tool

Some of our tools

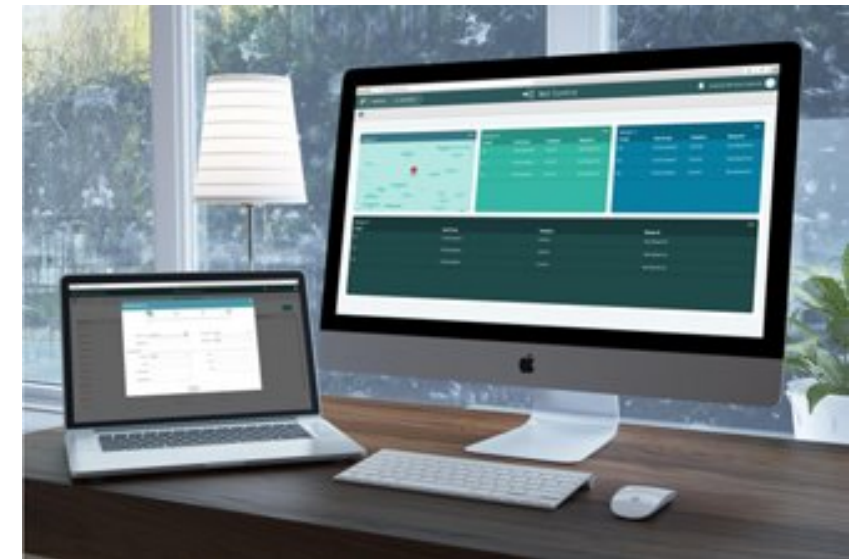

- **Agile**: gathering requirements in iterations, quick MVPs and short releases
- **Scrum**: part of our Agile approach
- **Lean**: process-oriented mindset. We constantly challenge our processes
- **Balanced scorecard**: our KPI system allows us to measure each process

The team

- 1 Department manager - 1 Technical leader - 1 Business analyst -
- 1 UI Designer - 2 Testers - 6 Software engineers
